**BOARDERS WANTED** BOARDERS WANTED—Home privi-leges, large light, cheerful rooms, good neighborhood; reasonable rates. 227 Walnut. 18-19 SPITBALL SAFE FOR ANOTHER SEASON IN MAJOR LEAGUES, DESPITE PROTEST

The spitball has gained another lease on life. When the American association in fact, the delivery is used mostly as a camouflage. The batter is put at a decided disadvantage when a pitcher pretends to moisten a ball and then comes through with a straight delivery, because the part of the part on life. When the American association barred the moist delivery during the winter it was freely predicted that the ma-jor leagues would follow suit and that the pitcher who depended upon that brand of pitching would have to go back to straight pitching or get out of

But the majors refused to take the action and the pitchers are safe for anaction and the pitchers are safe for another season at least.

The objections to the spitball are numerous. Being an unnatural delivery it
is claimed that its use is an unfair advantage on the part of the pitcher, and
that batting averages suffer. It is also
said that infielders are likely to muff the
moistened sphere, causing ragged fielding.

There are few major league pitchers

different.

Eddie Clcotte used the spitball as much as any other pitcher during the last season. He was also accused of using the shine ball, which he denied. At any rate, Clcotte was pretty successful, and there are probably many pitchers who would like to have had Clcotte's formula. Jack Chesbro was one of the greatest exponents of the spitball. His record of forty-one victories in one season has never been equaled, and his success was due mainly to the use of the moistened aphere. THE SQUARED CIRCLE EGGS ADVANCE

Toledo, O., Feb. 19 .- Ted Lewis, welterweight champion, knocked out Jimmy Duffy, of Lockport, N. Y., in the first round of what was to have been a fif-teen-round bout last night. Duffy went down for the count of seven in the first minute of fighting, and never had a chance to recover, as the champion kept close upon him and repeatedly sent him down. The champion and challenger were evenly matched in weight, the boxing commission announcing that there was only eight ounces difference between the pair. Articles for the match called for catchweights. It was the first fifteen-round bout ever held here under commission jurisdiction. A capacity house

Cincinnati, Feb. 19.—Harry Greb, the Pittsburgh middleweight, outfought and outboxed Bob Moha, the "Milwaukee Caveman," easily earning Referee Bauman's decision at the end of their tenround bout here last night. Greb boxed the fastest pace ever shown here, land-ing almost at will on his opponent's face and body.

iast week, now being quoted at 45 cents per dozen for fresh. There are no cold storage eggs in the markethouse. When asked the cause of the present rise, a dealer in the markethouse stated that the people had gone wild over the prices quoted in the New York market. Many, however, are of the opinion that many thousands of dollars will be lost by those shipping to the metropolis. Owing to the congestion of freight on the railroads entering New York, millions of eggs have been sidetracked. Shipments made from Chattanooga ten days or two weeks ago have never reached their destination, and it is believed that when the many delayed shipments arrive there the prices now prevailing will be crashed, and he thinks it doubtful if more than 20 to 30 cents per dozen will be realized. The News' informant states that he attributes the present advance in prices and scar-city of eggs in the local markets to the large shipments recently made to New
